It's quite interesting that these events happened seemingly days between each other: /

- Thomas Sewell was arrested under trumped up charges 2 weeks ago.
- Some American streamers interfere with Australian politics and defame Thomas Sewell and Joel Davis on their stream for seemingly no reason? Joel Davis is deeply involved in Australian nationalism and has become a respected figure among the "deep right".
- Israel assassinated the Yemeni PM
- Israel tried to assassinate Hamas leadership in Qatar
- Robert Shillman pulled funding out of Charlie Kirk's TP USA
- Nick Fuentes was covered by the NYT out of the blue.
- Next day, Israel assassinated Charlie Kirk
- Robert Shillman's zionist shill Tommy Robinson carried out a massive demonstration in England trying to swallow up nationalism and taint it with Israelism.
- Internet concludes Israel killed Charlie Kirk.
- Suddenly Groypers are attacked by the leftwing media, seemingly wanting to pin Charlie Kirk's death on them.
- Mark Levin comes out with threats
- Suddenly everyone with a name attached to their accounts backs down and then EXONERATES Israel forcefully.
- Evidence continues to come out, but some on the right are deliberately attaching the position to the left to remove it as a unifying hook.
- Australia's flag march is being subverted by Jewish and brown people away from its ethnic (white) roots.
- Iran is being forced to leave the NPT.
- There are seemingly on-going preparation for a massive false flag.
- Israel just announced it wants to completely destroy Iran.
- The greatest mass of white people, Europe, is being put on an altar of sacrifice between the Jewish controlled Ukrainians/NATO and the Jewish controlled Kremlin, puppeted by the Jewish controlled EU.
- US as a whole is now a failed state, meaning any war would tip it over to a civil war, where white people have the lowest birthrates of all time.

It's clear to me what's going on. Israel is going to temporarily suppress the left which has opposed it due to the genocide of Gaza, and inflate the right, use it to destroy Iran and fight one last war for it, then extinguish white people as a whole.

Whoever goes along with this is a traitor that will face justice once we win. And no matter how bad it looks, I promise we will win.
