Beyond the amateur war analysis: Game theory in the context of Israel's attack on Iran.

Now that we have determined what Israel did and who it killed, the next most pertinent question is why and "why now"?
The answers lie in a little discussed field.

War Intro Thread:
For the first time, Iran was struck by Israel directly and overtly.
It happened in a third territory: war-torn Syria, but in Iranian territory, an embassy annex.
Official military attaches were killed, very senior officers in charge of logistical operations./🧵
