The Middle Eastern Jews and the Hindus share a single origin. /

Cuckolded and defeated historical peoples of the west destroyed all copies of our historical records except those which aligned with Judeosatanic narratives.

Yet Aristotle's [which was a composite identity] original research survived: He realise that the Jews encountered in the Levant by the Romans and Greeks were actually Indians -- Indian high priests/"philosophers". Their name were "Calami", but were given the name "Judaei" by Syrians because of the area they occupied, Judea.

This is the sole fragment of Aristotle's research that survived, only because the cuckolds kept Josephus's (a liar) books:

"Jews are derived from the Indian philosophers; they are named by the Indians Calami, and by the Syrians Judaei, and took their name from the country they inhabit, which is called Judea." (Book I:22.)

These Jews came to Palestine/Syria via Iran (speaking Farsi -- thus Pharisees, get it? ;)) who used them as a means to destabilise Rome, but their origin was further east: India. And it wasn't the first time these demons crawled out of Asia to attack civilization. To the east are demons capable of horrors beyond your imagination, you only saw a fragment of it in Gaza.

This is among the first of the final red pills and very difficult to accept, especially for those people who believe in canonical narratives and the practical divinity of Jews, lol.

So I will leave you with three hints:

1. Take "Aristotle" seriously. Josephus, at least in the books he used to invent a Jewish history, saw it fit to "counter" him. Then the relevant books by Aristotle disappeared. Why? :) In which other instances has this happened?
2. Agni (अग्नि) is a vedic deity and the "god of fire", an acceptor of burnt offerings/blood sacrifices, treated as messenger to gods. One of his epiphets is Jahvah. There is a strong resemblance in name to Yahweh, who people are slowly beginning to realise is actually Satan. This connection is not perfect but will prove to be important to understand a lot of the strange satanic rituals still carried on by Jewish people today. The Jews are polytheists just like the Indian and are extremely scattered in their beliefs.
3. Sanskrit was spoken in Syria before recorded history -- a fact no one can seem to explain. Indeed, even the name "Suriya" is sanskrit and means the same thing as its current local name "Sham"/Shams. The Syrians call themselves the people of the Sun. The Jews are their direct opposite -- the people of Saturn. Interestingly, the Hindus have an opposite too -- those who believe the "Asuras" are the "good ones", whereas the Hindus believe the "Devas" are the

"good ones". Ironically, the Asuras are referred to as "Titans" -- and herein is another meta-clue (but it doesn't mean what it looks like on the surface).
If you watch the events in Syria unfold today, you will be witnessing what the Jews did all over Europe during history, using fallen "Christians" to destroy irreplaceable history then Judaise it. Jewish-linked academics like to mix history up by pretending the origin of Europeans is from India ("Indo-European"), when it's in fact from the Levant. You will notice a similar pattern with the claim that Europeans came from Neanderthals. Once you understand this mean of lying you can unravel their satanic past and origin. I'll leave the rest up to you on this important hint.

Finally, for those who read so far, something about the big picture:

The Jews (well, the reds) see white people as completely unnecessary and dangerous -- they want a global India, with only reds and browns. A cast system, without competition -- but first, they wish to cast us down to the bottom and then kill us all. First off, they have cast our men down to the bottom. Next they intend to cast down the women who have destroyed themselves and are left unbonded with any of the men. Pay close attention to their advertisements, which never feature white men with white women, instead always white women surrounded by brown people.

Without an income, in this system, white men will wither away and have nothing to offer women. In the US, the Jewish people have taken away low skilled jobs and gave them to Mexicans. Next, they have laid off 130,000 white men from the tech industry and intend to fill their positions with Hindus, before they finish the job laying the rest off. This is far more dangerous than any of the distracting terror attacks the Jewish people have planned. Once your people are genocided there is no undo button. Treat this issue and this deadly red brown alliance with the seriousness it deserves.

Beware the red-brown alliance.

Even against the victory of the red-brown alliance in sacred Syria, do not let these demons and the evil one break your faith.
White people will win, no matter the cost. We will purge them all from history, starting from the west and moving back into the east, the hardest fight.

By the way, does it make sense why I suggest we send our destroyed women to India now. ;)
(It's a counter attack and cleanse in one).
